INTRODUCTION

- The Jankalynakari Samiti is formed at Nagpur (Maharashtra State of India) in the year 1996 to support Social Institutions, social organizations and individuals who works for the upliftment of the society.
- In the year 2010, it is decided by the samiti (Janakalyankari Samiti) members to execute socio-economic projects/programmes in the backward rural area of Nagpur district
- Survey of nearly 50 villages was conducted by the Samiti members & finally it was decided to concentrate over the most-backward 10(Ten) Villages of Umrer Tahasil, located about 45 kms from Nagpur city, & Model village development programme of these villages is framed.

ACTIVITIES DONE BY SAMITI IN 10 VILLAGES

- soil testing programme,
- constructing check dams across the local Nallas,
- desilting & deepening of nalla bed,
- Installation of rain gauge,
- workshops on modern Farm-technique awareness programme of farmers,
- training programme & study tours,
- sewing machine training activities for young girls,
- encouraging health awareness among youths by providing gymnasium,
- Instruments,
- providing Library,
- formation of “Self help groups” & programmes of self income generation are conducted.

PRA (Participatory Rural Appraisal) Technique

PRA is a scientific tool/technic for systematic data collection & is also a method to approach villages thoroughly. It helps to define & finalise actions and programmes to fulfil the aspirations of villages in self development.

- After obtaining due response from the villages, out of Ten(10) Five (05) villages were selected for microplanning & accordingly “PRA” (participatory rural appraisal) of these five villages was conducted in the year 2012-13, with the help of Sewavardhini (NGO-Pune).
- Under the “PRA” programme following activities were performed in all Five villages –
- (i) Bendoli (ii) Khapri (dava) (iii) Chargaon (iv) Surbardi (v) Muradpur

The activities performed are

1. Social mapping
2. Seasonality
3. Time line
4. Transact Walk
5. Chapatti diagram
6. Family survey
7. Voting for different issues

They discussed the problems with the villagers and through discussion, they got the solution.

Social mapping

Various Bandhara constructed

Bandhara constructed in suraburdi with rotry down town

PROGRAMS DONE BY SAMITI

1. Agriculture development
2. Clean village
3. Women's employment opportunity
4. Construction of Bandhaara's
5. Govmutra sankalan
6. Shikshan vikas prakalp
7. Medical facilities

Objectives and focus area

➤ Objectives:

- a) To run various activities for welfare and development of vanawasi bandhav.
- b) To provide services like libraries, skill enhancement centre, health centre.
- c) To provide newly developed agricultural technologies and organize various programs.

➤ Focus areas :

- a) Agriculture
- b) Water conservation
- c) Youngsters from villages

Examples of successful work

- Girls given a training to run sewing machine
 - a) 125 girls were trained
 - b) They get an employment by receiving the contract of stitching bags from Ankur Seeds.
- Children were given employment by giving them task of pamphlets folding.
- Old cloths were collected by samiti for stitching of garbage bags and now, all plastic is collected through bags for recycle.
- Construction of bandhare for water collection in village.
- Govmutra sankalan.
- Samiti gave opportunity to villagers for selling of organic vegetables in Nagpur.

SWOT Analysis

STRENGTHS	WEAKNESS	OPPORTUNITY	THREATS
Will Power	No staff for documentation	Water Irrigation projects can be taken	Samiti required more manpower
More nos of Engg Colleges around	Publicity	Make aware about Gov Initiative schemes	
Expertise Guidance	No channel to connect with professional students like Engg, Medical, Law, MSW	Lots of employment can generate	

Needs of NGO

- More effective technology for enhancement of agricultural development
- Civil engineering students for land survey
- A computer educate person who can look after the documentation and data maintenance
- Publicity of NGO
- Teaching staff for shikshan vikas prakalp
- Proper exhibition area for display of work done by samiti.

Future Expansion

- To run short term skill based courses as :
 - a) Welding
 - b) Electrician
 - c) Motor rewinding
 - d) Plumbers
 - e) Mobiles repairing
 - f) Solar repairing
- Shikshan vikas prakalpa
- To increase availability of water in areas
- To develop employment by:
 - a) Motivating youngsters to take multiple crops
 - b) Pamphlets folding
 - c) Stitching bags
- Women empowerment

Thank you
